

FAA Designee (AME) Locator Search Guide

For the broadest search of the area, use the following settings. To refine the search, consider starting by adding “Johnson” to the “County:” text box.

The image shows a screenshot of the FAA Designee Locator Search form. The form is titled "Designee Locator Search" and has a "Search" section. The "Designee Types:" dropdown menu is set to "AME". The "Select Search Criteria" section has "Location Search" selected. The "City:" and "County:" fields are empty. The "State:" dropdown menu is set to "Iowa". The "Country:" dropdown menu is set to "United States". The "Postal Code:" field is empty. The "Designation Type" section has four checkboxes: "First Class AME (Authorized to perform First, Second and Third Class exams)", "Second Class/Third Class AME", "Employee Examiner", and "HIMS". All checkboxes are unchecked. Red callout boxes with arrows point to the "Designee Types:" dropdown (labeled "Select 'AME'"), the "Location Search" radio button (labeled "Select 'Location Search'"), the "State:" dropdown (labeled "Select 'Iowa'"), and the "Designation Type" section (labeled "Leave Blank"). At the bottom right, there are "Search" and "Cancel" buttons.
